## WAVE ŠŠ

*WAVE ŠŠ is application which contains information for the employees of forestry sector, licensed contractors and forest owners.*

„WAVE ŠŠ“ is developed for the employees of forestry sector and licensed contractors. The aim of the application is to reduce the administrative burden on the economy and to speed up communication between forest owners, Ministry officials, licensed contractors, and Christmas trees producers.

Application contains 4 main modules. First module covers remittance of trees and issuance of a tree receipt. Second module encompasses biological reforestation. Third module is the planning module which is used exclusively by employees of the Ministry, for coordinating current year work and planning work for the coming years. Fourth module applies to Christmas tree manufacturers.
