ADELI (association for a balanced development of the forest in Limousin)

Adeli is an interprofessional association whose objective is to bring together neighbouring private owners in order to set up sufficient site units to trigger stand improvement operations and equipment work (storage area, wood loading area). Adeli's technicians, partly financed by the region, help to define the appropriate silvicultural interventions, constitute grouping files and carry out site receptions. Thanks to this animation, the stands are put back into management with dynamic silviculture that will eventually produce quality wood.

Thanks to Adeli, the overheads and prospecting costs of economic operators are reduced. Cost implementation of volumes mobilized is 3-4 € m3 depending on the files.

To initiate a grouped site, it is necessary at least 3 owners, for a site surface of at least 8 ha (4h for hardwoods), within a radius of 2km. Owners and operators must commit to a sustainable management certification system and pay membership fees: €25/year and €250/year respectively.
Once the grouping is completed, aid is provided by the region for owners ranging from 200 € to 500 €/ha for stand improvement. For aid for the creation of equipment, the maximum aid before tax is € 6500.
The sites implemented by ADELI mobilize 650 ha of stands every year, 50% of which are deciduous for a wood volume of 45,000 to 50,000 m3.

DETAILS

ORIGIN OF WOOD
Forest

TYPE OF WOOD
Stemwood

KIND OF WOOD CONCERNED
Stemwood

IMPACT ON ENVIRONMENT & BIODIVERSITY
Improves biodiversity through stand improvement work

INCOME EFFECT
Increased income for the forest operator

EXPLOITATION POTENTIAL
--

HUB
--

ECONOMIC IMPACT
Reduction in mobilization costs and increase in operators' turnover (€878,000 in turnover in 2014)

SPECIFIC KNOWLEDGE NEEDED
NA

MOBILIZATION POTENTIAL
+ 45 000 m3 and + 650 ha of improved forest every year

SUSTAINABILITY POTENTIAL - VALUE
--

EASE OF IMPLEMENTATION
Very easy: territorial forest animation

EASE OF IMPLEMENTATION - EVALUATION
--

KEY PREREQUISITES
Amount of aid for owners = €100,000 per year

TYPE OF EVENT WHERE THIS BPI HAS BEEN FEATURED
--

JOB EFFECT
Positive impact: additional forestry work (in 2014: + 15 working days)

COSTS OF IMPLEMENTATION (EURO - €)
--
