Holzforum Allgäu e.V.

Eine Initiative von Allgäuer Waldbesitzervereinigungen und Forstbetriebsgemeinschaften

Holzforum Allgäu is the only regional organization in the wood industry, in which all members of the value chain are represented: Forest administration and private forest owners, sawmilling industry, cabinetmakers, carpenters, wood construction entrepreneurs and energy specialists as well as architects.
The basic idea of the Holzforum Allgäu is to promote domestic wood and regional products from tree to building. Moreover, a goal is to create new sales opportunities through contacts between the individual sectors.

Personal contact and trust is the key to improve regional networks successfully.

Accomplishment of several projects along the chain of custody focusing on the regional added value. Holzforum Allgäu is also starting to implement a regional certification of origin to rise the sensitivity for regional products.
