Edukai Remote Services

Edukai Remote Services provides training and support services tailored to customer-specific remote needs.

The Edukai Remote Services customer process helps you to find just the right solutions for your needs. We are able to effectively combine the desired remote software and various devices into an easy-to-operate, customer-looking entity. This saves our customers' resources for the actual core business. Edukai Remote services is one part of Edukai Oy's extensive training supply, and the developed methods enables the traditional training in virtual classrooms regardless of location.
