Website of the special purpose state hunting grounds

LPN

LPNs have been established for the protection of rare, endangered species of game and wildlife species, and their habitats, for the purpose of implementation of a number of public functions and scientific research in the field of management of game and certain of the protected wildlife species, and their habitats. LPN‘s mission is being realized with a natural and sustainable management of game and their habitats. An important part of our vision is the development and expansion of knowledge about the game and other wildlife. New knowledge is obtained within a number of research projects and by monitoring of wildlife. Knowledge about the management of game and wildlife is

expanding through cooperation with domestic and foreign educational institutions.
