

## IT FOR II - Portale Legno Veneto

### IT FOR II

*Online marketing platform for local/regional wood supply chain.*

Online marketing platform for local/regional wood supply chain. The demand meets the offer in a digital platform where the public forest owners can put on auction their properties for forest enterprise. The platform also has a section where forest enterprise can show and promote themselves, offer roundwood, fire wood and their timber products as well as setting up ads for products their looking for. The platform also collect all the information about the regional auctions in order to provide useful data on the forest products sector.
