"proHolz Schwarzwald c/o Service GmbH Bau-Ausbau"

In order to strengthen the competitiveness of forestry and timber industry and to promote the use of wood, eleven regional partner institutions founded the regional cluster initiative proHolz Schwarzwald. An important basis for this initiative is the high importance of forest and wood in the Black Forest. In particular, forestry, wood and sawing industry as well as carpentries have a high performance and great potential for innovations. proHolz Schwarzwald provides a information platform for industry members and the public about forestry, wood and timber constructions.

Bringing together regional networks and motivating partners are the key to success. Working on a personal level is the most important key to implement a successful network.

Accomplishment of several projects along the chain of custody focusing on the regional added value.
